

Adventure Bakery, LLC		Revision Num.	New
Form Title	Depositor Cleaning & Pre-Use Check Log	Filled By	
Form No.	FRM-910		

Date		Product run		Allergen changeover	☐
------	--	-------------	--	---------------------	--------------------------

Cleaning

Step	Done	Notes
Wire clear of the die, machine unplugged; guards opened		
Hopper, feed rollers, die and scrapers removed		
Cut-off wire and support fingers wiped clean in place (not removed)		
Head interior, die slot, cabinet and belts dry-then-damp wiped (no water on the panel)		
Hopper, feed rollers, die and scrapers washed in the sink — detergent, rinse, sanitizer at label strength, drying rack		
Cut-off wire whole and accounted for — no missing pieces		
Reassembled: die finger-tight in a clean slot, a finger in each die slot, guards locked		
Allergen changeover: every food contact surface checked under good light (changeover only)		

Sanitizer strength (test strip)	_____ ppm	Cleaned by	
---------------------------------	-----------	------------	--

Signature statement: "I cleaned the depositor as described in SOP-902."

Check Before Next Run

Hopper, rollers, die and scrapers clean and dry; wire and fingers wiped clean and wire accounted for; guards locked; nothing left on the machine	Pass ☐ Fail ☐
--	---

Anything wrong, and what was done about it

Checked and released by		Date	
-------------------------	--	------	--

Signature statement: "I checked the depositor after cleaning and release it for production." (Supervisor / admin sign-off)
