

Adventure Bakery, LLC		Revision	A
Form Title	Master Sanitation Schedule	Effective Date	2026-06-01
Form No.	FRM-901	Approved By	GJM
SQF Reference	11.2.5.1, 11.2.5.8, 11.2.5.9	Filled By	

Master Sanitation Schedule (reference)

Defines the scheduled cleaning of the facility, equipment, and storage areas — what is cleaned, how, when, and who is responsible (SQF 11.2.5.1). Daily production-day cleaning is recorded on the Daily Sanitation & Pre-Operation Record (FRM-903) and each machine's SSOP log; periodic cleaning is recorded below as it is completed (SQF 11.2.5.8, 11.2.5.9).

Area / item to clean	Cleaning method & chemical	Responsible	Frequency
Food contact surfaces	Clean; sanitize with Sani-512 (1:512, no-rinse)	Sanitation / Production	Daily (production days)
Equipment used for production	Cleaned & sanitized per each machine's SOP/SSOP; recorded on its own log	Sanitation / Production	Daily (production days)
Utensils used for production	Wash, rinse, sanitize (Sani-512)	Sanitation / Production	Daily (production days)
Floors in processing room	Sweep, wash	Sanitation	Daily (production days)
Floors in storage areas	Sweep, wash	Sanitation	Daily (production days)
Under pallets / bottom rack spaces in storage	Clear and clean	Sanitation	Monthly
Dock areas	Sweep, clean	Sanitation	Monthly
Overheads	Clean	Sanitation	Every 6 months
Racking in storage areas	Clean	Sanitation	Every 6 months

Periodic Cleaning — Completion Record

Record each scheduled periodic (monthly / 6-month) cleaning as it is completed, and have it verified. This forms part of the cleaning records required by SQF 11.2.5.9. One record per completed task; the Records report shows completions over time.

[illegible]

Task / area cleaned	Frequency	Date completed	Method / chemical / comments	Completed by	Verified by / date
